Open days at the factory 2024

Because our solar park and changes in the industrial zone mean less space is now available for parking, we talked with our wonderful neighbours.

In addition to our own car park on our factory premises, additional parking will be available over the weekend: on August-Horch-Straße, from Trimbser-Straße to the intersection at Rudolf-Diesel-Straße/Heinz-Gries-Straße, and also in the Swiss Life Asset Managers employee car park on Robert-Koch-Straße, opposite our main entrance.

These areas will be accessible from Friday, 8 November at 4 pm until Sunday, 10 November at 4 pm. Please note that reservations for parking spaces or power outlets are not possible.

Parking options:
