

**WE REALLY
WENT ALL OUT.
SO YOU CAN
TAKE EVERYTHING
WITH YOU.**

The new iSmove from Niesmann+Bischoff

Clou inside

It's one thing to weigh less than 3.5 tonnes. Weighing less than 3.5 tonnes and still being able to store everything a family of four needs for a two-week holiday is a whole different story. It works like a charm in the iSmove. Thanks to more room in fewer cupboards and a higher payload while weighing less. How do we know? Because we tried it out. And took all this along:
